Colors and finishes in this Color Chart may not be available in all profiles or steel gauges.

Check with your Vicwest Sales or Architectural Representative for availability.

For further information regarding color availability, please contact Vicwest.

VICWEST offers the largest selection of roll-formed cladding and roofing profiles and the widest range of stocked prefinished steel colors in the industry. Colors generally available are shown in this document. Make sure to read the combination chart to verify availability on less than mill order quantities.

VICWEST is engaged in continuing research to improve our products. Therefore we reserve the right to modify or change this information sheet without prior notice.

Please consult your VICWEST Sales Representative if you have questions.
